

Roll Up WireFree™

Sleek and sophisticated shade control

HOME
MOTION BY

somfy®

Maximize window covering performance and control natural light with the Roll Up WireFree™ motor range.

The Roll Up WireFree™ Series motors are uniquely designed to automate various types of roller and roman products at the simple touch of a button.

Sheer Horizontal Shades
The reverse tilt feature is ideal for sheer horizontal shade applications and allows for precise positioning of sheer slats.

Roller/Solar Shades
Adaptable to standard and cassette style roller shade applications.

Roman/Woven Shades
Easily concealed and perfect for roman and woven shade applications.

Infrared (IR) Controls
Improved ergonomic design
(for use with IR Motor 1000679)

- Infrared control via external receiver eye
- Multi-channel infrared capability with group control

- Programmable limit (stop) settings via transmitter
- Compatible with 3rd party programmable infrared remotes

One Channel

Eight Channel
